AI-POWERED PRODUCT DESCRIPTIONS THAT SELL

The Problem with Most Product Descriptions

Too vague:

"This is a high-quality backpack."

Too long:

Walls of text that no one reads.

Too boring:

Doesn't create emotional connection.

The AI Fix: The P.A.I.N. Formula

(A simple framework that makes any AI-generated product description stronger.)

P.A.I.N. Formula for Writing AI-Powered Descriptions:

P

Problem (What issue does the customer have?)

A

Action (How does your product fix it?)

I

Impact (What's the result of using it?)

N

Next Step (Call to action: Buy Now, Limited Time Offer, etc.)

Example:

AI-Optimized Product Descriptions

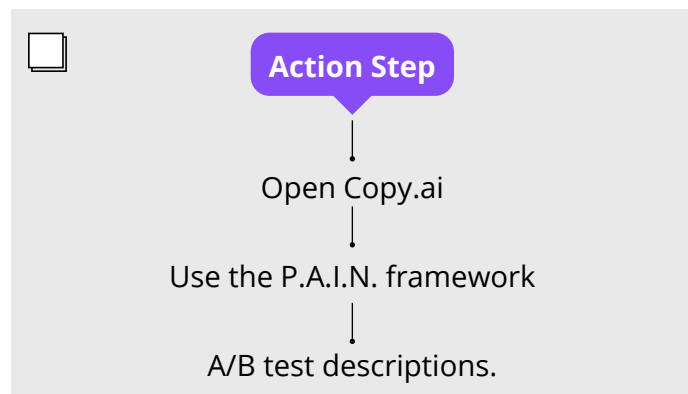

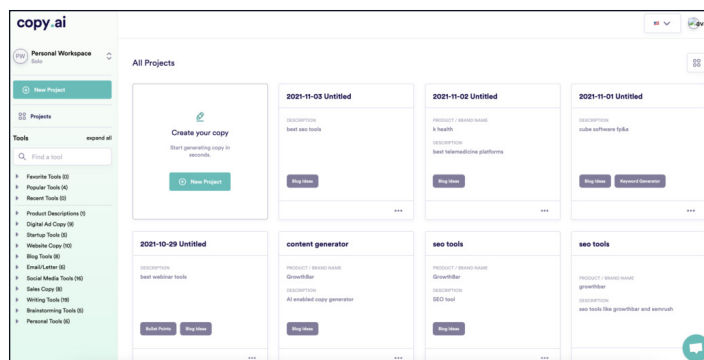

Weak AI Output:

"This water bottle is durable and keeps drinks cold."

AI Output using P.A.I.N.:

“Tired of your drinks getting warm too fast? Our double-insulated stainless steel bottle keeps drinks ice-cold for **24 hours** and piping hot for **12 hours**. Perfect for workouts, travel, and daily hydration. Get yours today—before we sell out!”

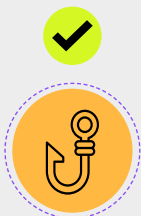

5-SECOND
AD COPY
FORMULA

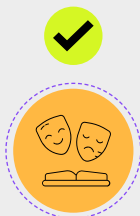

THE 5-SECOND AD COPY FORMULA FOR TIKTOK & FACEBOOK ADS

What Makes an Ad Convert?

A viral ad needs to:

STOP the scroll (Hook)

**Make people feel something
(Emotional Trigger)**

**Tell them what to do next
(Call to Action)**

The 5-Second Ad Formula: H.E.A.T.

(Use this formula when generating ad copy in Copy.ai.)

- ☐ **H** **Hook** (Grab attention FAST!)
- ☐ **E** **Emotion** (Trigger curiosity, fear, or excitement.)
- ☐ **A** **Action** (What does the product do?)
- ☐ **T** ***Tell them what to do next!** (CTA)

Example: AI-Powered TikTok Ad for a Skincare Brand

☐ Prompt to Copy.ai:

"Write a TikTok ad using the H.E.A.T. formula for an acne-fighting face wash."

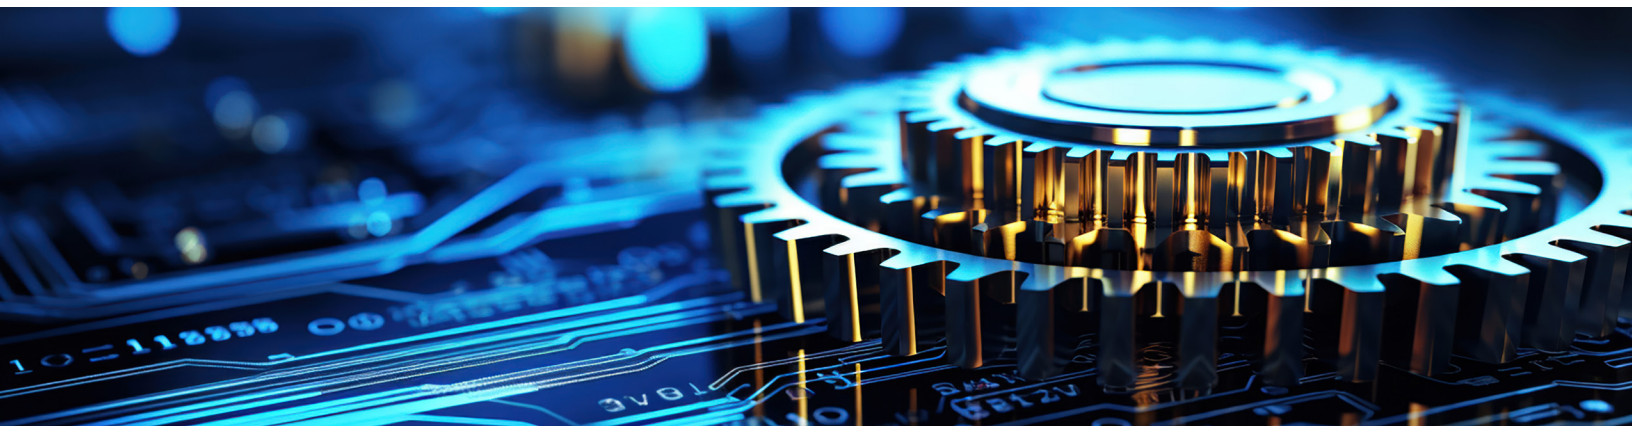

☒ AI Output (High-Converting Ad Copy)

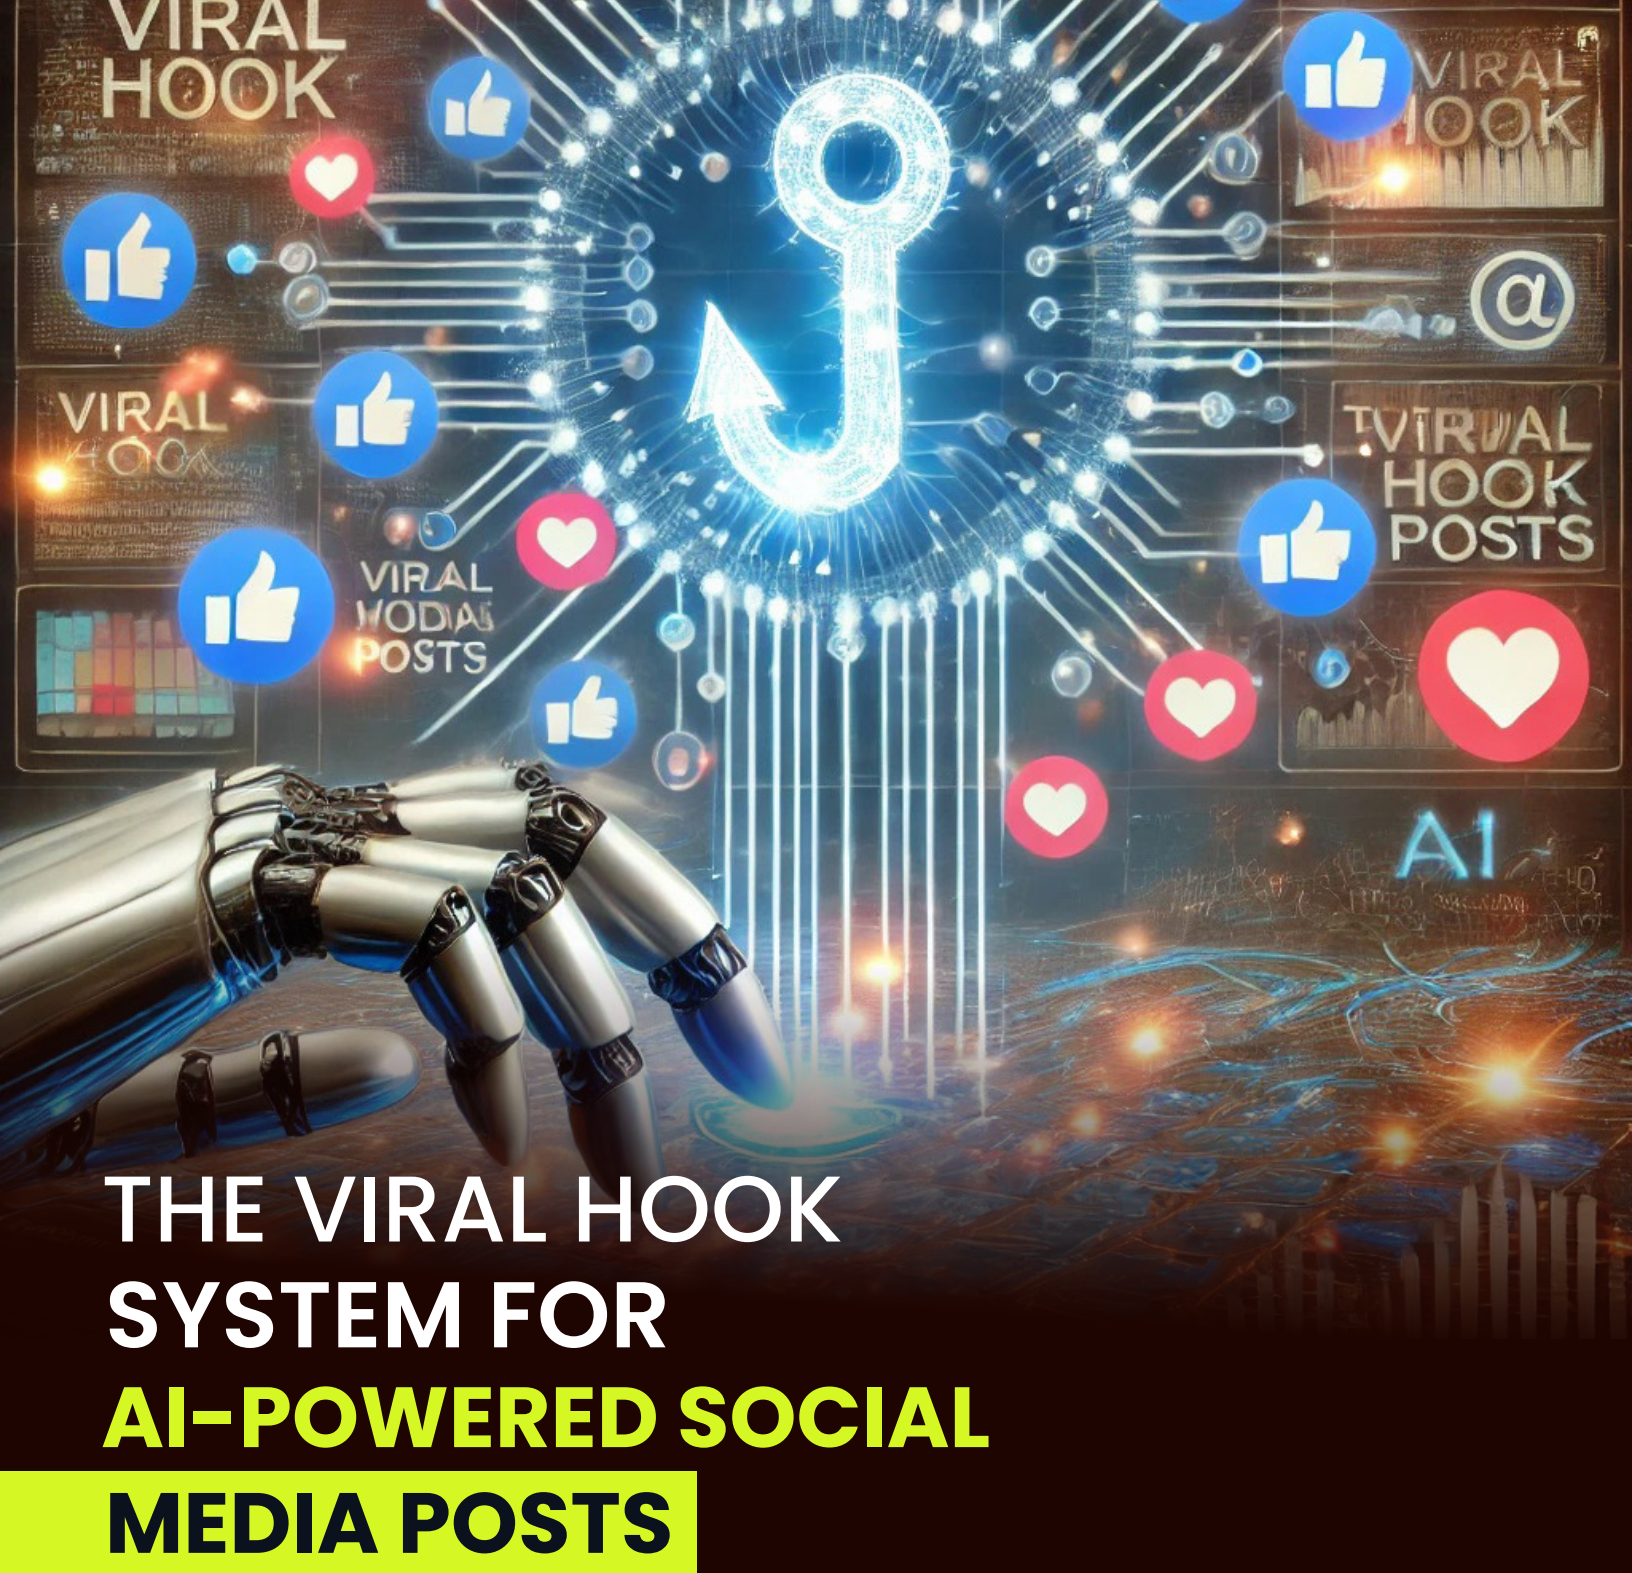

- ☐ **Hook:** "STOP SCROLLING if you've ever dealt with acne!"
- ☐ **Emotion:** "Imagine waking up with clear skin... finally!"
- ☐ **Action:** "Our dermatologist-approved face wash fights breakouts FAST."
- ☐ **Tell them what to do next:** "Click the link—get 20% off today!"
