I will do an Instagram shoutout to a 220k lifestyle audience

### **Description**

Are you looking for an **Instagram shoutout for your brand** that gets you results? Would you like to work with a talented influencer that has a true connection with a **growing and vibrant community**?

If that is your case, I'm here to help! My name is **Josh Brown**, a New York-based content creator. I've been working for years to build a solid US community both on **Instagram & TikTok**. We are currently over **220k and counting!**

As an influencer, I specialize in **lifestyle recommendations**, which may go from restaurants to hotels, workout routines, wellness products and many more! I have a **MSc in Strategic Communications from Columbia University** which led me to work with brands such as **XXX, YYY, ZZZ** and more.

When you hire my **Instagram shoutout service**, you get way more than a tag or a mention. I will do my best to get your message across to a **real and interacting audience**. That means:

- Promoting your brand on both IG and/or TikTok
- Offering a temporary or permanent shoutout
- Do branded content creation & brand advocacy

Ready to get an **amazing Instagram shoutout**? **Contact me prior to order**: we'll verify that I am a good fit, and make a memorable campaign together!
